

Announcement for the summer term 2022:

Introduction to Electronics with Practical Exercises

(Prof. Dr. M. Cristinziani, Dr. Q. Dorosti, Dr. W. Walkowiak, Dr. M. Ziolkowski)

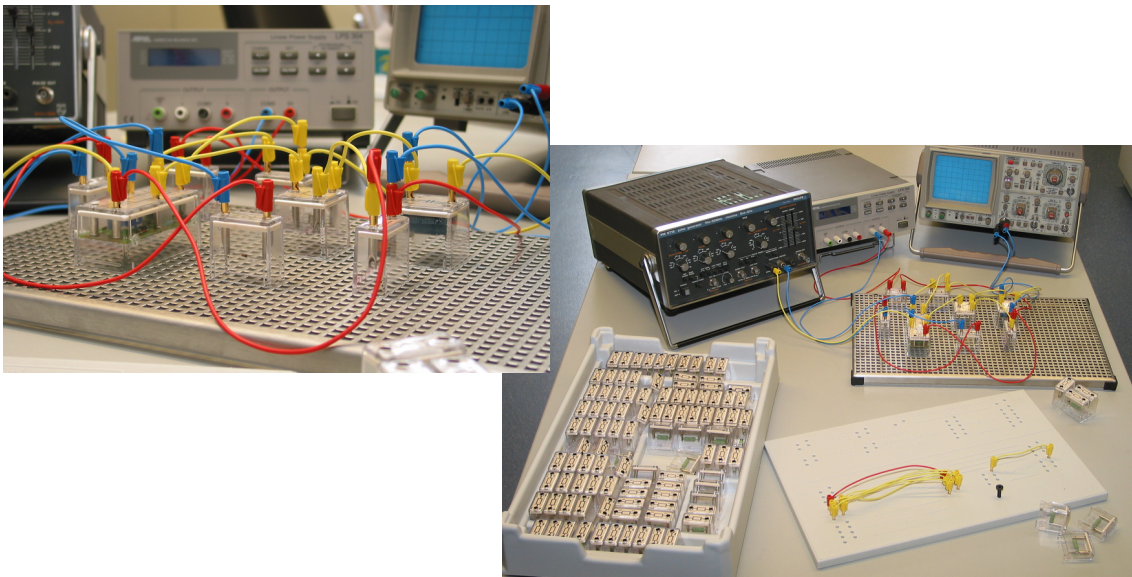

All interested students (bachelor from 3rd semester and master students) are cordially invited to participate in this lecture with practical exercises. The course will be given in English.

Due to the number of experimental places available the number of participants in this course is limited to 16 students.

We ask for a binding registration by contacting Prof. M. Cristinziani (mentioning your name, email address and the semester of your studies)

until Friday, 11.02.2022.

(Places will be assigned according to the order of registration.)
